

# St. Elmo EST. 1902

## foods

I am a frequent shopper and I was hoping you would consider selling St. Elmo Steak House's products. St. Elmo Steak House is world famous for their great steaks and spicy shrimp cocktail. Their steak seasoning is terrific and their cocktail sauce is one of the spiciest most unique condiments you can buy.

Their cocktail sauce has been featured on the Travel Channel, The TODAY Show, ESPN College Gameday, Food Network and many more. The recipe is the same as when they first opened over a century ago in 1902 but just a few years ago, based on customer requests, they began selling it in retail bottles.

Respectfully,

Your loyal customer
